Stamp Club One Frame Exhibition
November 20-22, 2009

Chicago Philatelic Society
CHICAGOPEX 2009
Our 123rd Anniversary

CHICAGOPEX is proud to announce the fourth annual Stamp Club One Frame Exhibition. We encourage members of each of the stamp clubs in Illinois, Northwest Indiana, and Southeast Wisconsin to get together to produce a one frame exhibit from their Club, to be shown at CHICAGOPEX. To encourage this, the exhibition fee will be set at only \$20 in 2009. Unlike traditional single-frame exhibits, there is no requirement that all the pages in the exhibit together tell a single philatelic story. In fact, to some extent, the opposite is expected. We want the Stamp Club One Frame Exhibits to bring the members of a local Stamp Club together, despite different collecting interests, different ages, different exhibiting experience, etc. An excellent Stamp Club One Frame Exhibit will have single pages contributed by many different members of the Stamp Club, as many as 14 different members.

The first of the up to 16 pages in an exhibit should be a title page, and give the name of the Stamp Club, the members who produced the exhibit and any overview of the exhibit desired. The last page should include membership and meeting information for the Stamp Club. The rest of the pages should display the material the members of the stamp club wish to display.

The CHICAGOPEX Stamp Club One Frame Exhibition is patterned on similar exhibitions which have been held in conjunction with stamp exhibitions in Montreal and Toronto, and inaugurated at CHICAGOPEX 2006. This is also similar to the Philatelic Society Single-Frame program at Washington 2006, where various national and international societies were invited to prepare single frame displays of their collecting areas

Awards

The exhibits will be judged by members of the CHICAGOPEX Show Committee, and a medal awarded to each exhibit, on the following basis:

- Title page (3 points): is the title page present, and are the Stamp Club and members preparing exhibit named on the title page.
- Exhibit pages (3 points each): for each exhibit page, how creative and attractive is the page, and how much philatelic knowledge is shown?
- Information page (3 points): is information provided to help a reader decide who may join the club, and how to do so (e.g., collecting area, contact information, annual dues, meeting place and schedule, etc.)?

Scores above 40 will earn a Gold medal, from 30 to 39 a Silver, and below 30 a Bronze.
